What's new In Second grade?

This month, Second Grade students will be moving forward in all subjects.

ELA

In ELA, students will be reading informational texts while mastering text features, and improving their reading

comprehension skills. We encourage all parents to practice reading at home with your child as well as well as practicing their sight words.

Math

This month students will be subtracting and

adding three digit numbers. It is essential that students are completing their nightly homework as it reinforces the skills that were

Science and Social Studies

This month is Science, second grade students will move away from Force and Motion and into Plant Diversity. Students will become familiar with how plants are alike and different. With Social Studies, students will focus on how communities are different. Students will understand what a rural, urban and suburban community is.
